Forms Moved

We have moved our membership registration forms to https://coral.nanofab.utah.edu/lab/member_signup. This PDF is provided for reference only. Please register for a new membership through the website.
CONTRACT FOR UNIVERSITY USE

Note: ALL information on this form must be completed before lab access will be initiated.

Lab Member Name: ___________________________ Card #: ___________________________
*Email Address: ___________________________ Phone: ___________________________
Employee / Student ID: ___________________________ Date: ___________________________

*An email will be sent to this address when your contract has been approved and a member account created. The lab safety training and test must be successfully completed before lab access will be granted. Initially, lab access will be restricted to normal lab hours (8am - 5pm, Monday-Friday).

When publishing or presenting results derived from staff and services in the Surface Analysis and nanoscale Imaging group, I agree to use the following acknowledgment:
"This work made use of University of Utah shared facilities supported, in part, by the MRSEC Program of the NSF under Award No. DMR-1121252."

When publishing or presenting results derived from staff and services in the Utah Nanofab, I agree to use the following acknowledgment:
"This work was performed in part at the Utah Nanofab sponsored by the College of Engineering, Office of the Vice President for Research, and the Utah Science Technology and Research (USTAR) initiative of the State of Utah. The author(s) appreciate the support of the staff and facilities that made this work possible."

Access to the Utah nano Science & Engineering Labs is limited to those who have been properly trained in, and adhere to, all safety and operational procedures, policies and courtesies.

Members must also submit a signed copy of the Nanofab User Policy Agreement with this form.

P.I: ___________________________ Department: ___________________________
Chartfield: ___________________________ Project Name: ___________________________
Is this a new project? YES / NO Project Expiration Date: ___________________________

If yes, project must be entered into Microfab system before access can be established.

User Access Effective Dates: Begin Date ___________________________ to End Date ___________________________

Current Rates available at http://www.nanofab.utah.edu/BillingRates

Rates as of July 1, 2013
Microfab Lab
Maximum Monthly Lab Entry Rate $816/month
Lab Entry $69/hr
Mask Making Charge $35/layer
Professional Tech Support $55/hr

Rates as of September 1, 2013
Micron Microscopy Core
Small Instrument Rate
(XRD, XRF, AFM, Zygo, Polyvar, Tencor) $30/hour
XPS Equipment Use $55/hour
SEM Equipment Use $40/hour
FIB Equipment Use $84/hour
Confocal Equipment Use $15/hour
Professional Tech Support $55/hour
Student Tech Support $20/hour

Other Fees
Consumables, Precious Metals & Gases Billed per item used
