

# nanoUtah 2013

NANOTECHNOLOGY CONFERENCE & EXHIBITION

**Nanotech for macro-markets: The interface of research, engineering & industry.**

**MATERIALS · DEVICES · ENERGY · MEDICINE**

SALT LAKE CITY · UNIVERSITY OF UTAH · OCT 18

## CALL FOR PARTICIPATION

**BRINGING TOGETHER THE NANOTECH COMMUNITY** to build relationships across the different sectors of academia, small business, industry, and business ventures.

**FROM LABORATORY TO MARKET** we are leveraging knowledge and expertise to promote commercialization and economic development.

**REGIONAL SHOWCASE** for emerging nanoscience advances and commercial applications.

Registration and abstract submission is now open for the nanoUtah 2013 Conference. We seek your involvement in any of the following areas:

- **RESEARCH PRESENTATIONS:** Researchers, students, and members of the business sector will present 15-minute overviews of their unique capabilities and the problems they face that require nanoscience and engineering solutions. This session will facilitate collaboration opportunities for further research, partnered development, and potential commercialization.
- **POSTER SESSION:** Presenters, researchers, and students prepare posters to facilitate face-to-face interactions on recent strides in nanotechnology. Students are often at the leading edge of new discoveries.
- **MINI SYMPOSIA:** Participate in skill tutorials on new instrumentation and equipment to see how they can benefit your research.
- **EXHIBITION BOOTHS:** Businesses and research centers are invited to exhibit their products and facilities.
- **SPONSORSHIP:** Becoming a sponsor of nanoUtah 2013 is a great way to raise your company's visibility in Utah. Visit our website for a list of sponsorship opportunities.
